MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Call from David Martin, Associated Press

David Martin, Associated Press, called me today to inquire about getting straightened out on what Mr. Colby said to the President. I told him I knew nothing about the matter. He inquired whether I or anyone else accompanied the Director. I declared that I had not and did not know whether anyone else had. He asked whether the Director met with the President alone. I suggested he call Angus Thuermer and stated that I could not help him with something on which I had no knowledge. I followed this call with a report to Thuermer who advised that Martin was a clever newsman and had contacted four others here before me.
